

seating are being released within the same designated price category.

(2) *No requirement to release accessible tickets.* Nothing in this paragraph requires a facility to release tickets for accessible seating to individuals without disabilities for their own use.

(3) *Release of series-of-events tickets on a series-of-events basis.* (i) *Series-of-events tickets sell-out when no ownership rights are attached.* When series-of-events tickets are sold out and a public entity releases and sells accessible seating to individuals without disabilities for a series of events, the public entity shall establish a process that prevents the automatic reassignment of the accessible seating to such ticket holders for future seasons, future years, or future series so that individuals with disabilities who require the features of accessible seating and who become newly eligible to purchase tickets when these series-of-events tickets are available for purchase have an opportunity to do so.

(ii) *Series-of-events tickets when ownership rights are attached.* When series-of-events tickets with an ownership right in accessible seating areas are forfeited or otherwise returned to a public entity, the public entity shall make reasonable modifications in its policies, practices, or procedures to afford individuals with mobility disabilities or individuals with disabilities that require the features of accessible seating an opportunity to purchase such tickets in accessible seating areas.

(f) *Ticket transfer.* Individuals with disabilities who hold tickets for accessible seating shall be permitted to transfer tickets to third parties under the same terms and conditions and to the same extent as other spectators holding the same type of tickets, whether they are for a single event or series of events.

(g) *Secondary ticket market.* (1) A public entity shall modify its policies, practices, or procedures to ensure that an individual with a disability may use a ticket acquired in the secondary ticket market under the same terms and conditions as other individuals who hold a ticket acquired in the secondary ticket market for the same event or series of events.

(2) If an individual with a disability acquires a ticket or series of tickets to an inaccessible seat through the secondary market, a public entity shall make reasonable modifications to its policies, practices, or procedures to allow the individual to exchange his ticket for one to an accessible seat in a comparable location if accessible seating is vacant at the time the individual presents the ticket to the public entity.

(h) *Prevention of fraud in purchase of tickets for accessible seating.* A public entity may not require proof of disability, including, for example, a doctor's note, before selling tickets for accessible seating.

(1) *Single-event tickets.* For the sale of single-event tickets, it is permissible to inquire whether the individual purchasing the tickets for accessible seating has a mobility disability or a disability that requires the use of the accessible features that are provided in accessible seating, or is purchasing the tickets for an individual who has a mobility disability or a disability that requires the use of the accessible features that are provided in the accessible seating.

(2) *Series-of-events tickets.* For series-of-events tickets, it is permissible to ask the individual purchasing the tickets for accessible seating to attest in writing that the accessible seating is for a person who has a mobility disability or a disability that requires the use of the accessible features that are provided in the accessible seating.

(3) *Investigation of fraud.* A public entity may investigate the potential misuse of accessible seating where there is good cause to believe that such seating has been purchased fraudulently.

§ 35.139 Direct threat.

(a) This part does not require a public entity to permit an individual to participate in or benefit from the services, programs, or activities of that public entity when that individual poses a direct threat to the health or safety of others.

(b) In determining whether an individual poses a direct threat to the

Department of Justice

§ 35.150

health or safety of others, a public entity must make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or on the best available objective evidence, to ascertain: the nature, duration, and severity of the risk; the probability that the potential injury will actually occur; and whether reasonable modifications of policies, practices, or procedures or the provision of auxiliary aids or services will mitigate the risk.

Subpart C—Employment

§ 35.140 Employment discrimination prohibited.

(a) No qualified individual with a disability shall, on the basis of disability, be subjected to discrimination in employment under any service, program, or activity conducted by a public entity.

(b)(1) For purposes of this part, the requirements of title I of the Act, as established by the regulations of the Equal Employment Opportunity Commission in 29 CFR part 1630, apply to employment in any service, program, or activity conducted by a public entity if that public entity is also subject to the jurisdiction of title I.

(2) For the purposes of this part, the requirements of section 504 of the Rehabilitation Act of 1973, as established by the regulations of the Department of Justice in 28 CFR part 41, as those requirements pertain to employment, apply to employment in any service, program, or activity conducted by a public entity if that public entity is not also subject to the jurisdiction of title I.

§§ 35.141–35.148 [Reserved]

Subpart D—Program Accessibility

§ 35.149 Discrimination prohibited.

Except as otherwise provided in § 35.150, no qualified individual with a disability shall, because a public entity's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, pro-

grams, or activities of a public entity, or be subjected to discrimination by any public entity.

§ 35.150 Existing facilities.

(a) *General.* A public entity shall operate each service, program, or activity so that the service, program, or activity, when viewed in its entirety, is readily accessible to and usable by individuals with disabilities. This paragraph does not—

(1) Necessarily require a public entity to make each of its existing facilities accessible to and usable by individuals with disabilities;

(2) Require a public entity to take any action that would threaten or destroy the historic significance of an historic property; or

(3) Require a public entity to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens. In those circumstances where personnel of the public entity believe that the proposed action would fundamentally alter the service, program, or activity or would result in undue financial and administrative burdens, a public entity has the burden of proving that compliance with § 35.150(a) of this part would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the head of a public entity or his or her designee after considering all resources available for use in the funding and operation of the service, program, or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, a public entity shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with disabilities receive the benefits or services provided by the public entity.

(b) *Methods—*(1) *General.* A public entity may comply with the requirements of this section through such means as redesign or acquisition of equipment, reassignment of services to accessible buildings, assignment of
